

MEMORANDUM

TO: Southwest Washington Regional Transportation Council Board of Directors
FROM: Matt Ransom, Executive Director
DATE: April 28, 2015 *MR*
SUBJECT: YR 2019 Transportation Improvement Program Call for Projects

CALL FOR URBAN STP AND CMAQ PROJECTS

With RTC Board approval, RTC staff will initiate a call for urban STP and CMAQ projects, utilizing estimated 2019 funding levels. Once project applications are submitted, projects will be evaluated, and projects will be selected for programming by the RTC Board this fall. The call for projects will be conducted consistent with the policies and procedures outlined in the Transportation Programming Guidebook.

The call will be for approximately \$4.5 million urban STP funds and \$2.9 million in CMAQ funds. Generally, the rural STP call for projects occurs every other year and will not occur this year. The Transportation Alternatives Program (TAP) call went out earlier this year.

Program	Amount
STP-Urban	\$4.5 million
CMAQ	\$2.9 million
