## 32nd Street & Evergreen Way Intersection Improvements

**Project Completed: July 2018**  
**Project Information**

RTC Funding: \$1,000,000  
 TIB Funding: \$500,000  
 City of Washougal Funding: \$349,000  
 Total Project Cost: \$1,849,000  
 Project Type: Intersection Improvement

### Project Description

The 32nd Street & Evergreen Way Improvements project consists of reconstruction of the intersection. Improvements include approximately 1,430 tons of Hot Asphalt Mix, storm sewer system improvements, curbs, sidewalk and pedestrian improvements, traffic signal replacement, roadway signing and striping, and other miscellaneous improvements.

### Project Benefits

- New/upgraded traffic signal better manages train, vehicle and pedestrian traffic
- Widening of the curb returns allow improved freight and vehicular mobility through the intersection
- New bike lane west of 32nd Street along Evergreen Way

### Project Funding

Phase	Year	Federal Funds	Other Funds	Total
Design	2012-2016	\$63,000	\$167,000	\$230,000
Right of Way	2015-2016	\$0	\$129,000	\$129,000
Construction	2017-2018	\$937,000	\$553,000	\$1,490,000
<b>Total</b>		<b>\$1,000,000</b>	<b>\$849,000</b>	<b>\$1,849,000</b>
